Sept 1914 - May 1915

September 22nd, 1914

Angus MacMurchy, Esq.,

Toronto.

Dear Mr. MacMurchy:

Many thanks for your letter and for the copies of the educational supplement of "The Times" which have just come. I really must order it myself along with my literary supplement.

The work in the University is about the same so far except for the additional difficulties arising from the present awful world situation. We must all try to keep our heads, to do our level best, and make sacrifices, that is to say those of us who remain. The terrific toll in life saddens one inexpressably.

I am glad to see that you have been nominated for the Senate.

With kind regards, I am,

Yours sincerely,

President.

Dear Mr. MacVurchy:

I have sent the letter to the Printer and the Registrar's Office is now addressing the envelopes, and making an enclosure in which a list of the names of the other gentlemen in the community is included. I hope that this will bring something.

With kind regards, I am,

Yours sincerely,

President.
